

# Secondary History Update

**Autumn 2017**

## New secondary history teaching and learning adviser

We are pleased to welcome Sarah Herrity as Hampshire's new teaching and learning adviser for secondary history. Sarah has worked with the team for some years as an AST, as a Hampshire Leading Teacher and as a member of our Secondary History Steering Group. Now, in her new role Sarah will be available four days a week to help to develop and improve the history provision in schools.

For example Sarah is available to:

- inspect and give follow-up advice about the existing provision (with a report if required) including quality of teaching.
- help develop your KS3 history curriculum
- assist with preparing for the new GCSE
- advise on assessment and progression
- run staff meetings to share best practice in history teaching

To book a visit, contact her via the HIAS Local Office at: [school.improvement@hants.gov.uk](mailto:school.improvement@hants.gov.uk) or email sarah directly at email: [sarah.herrity@hants.gov.uk](mailto:sarah.herrity@hants.gov.uk).

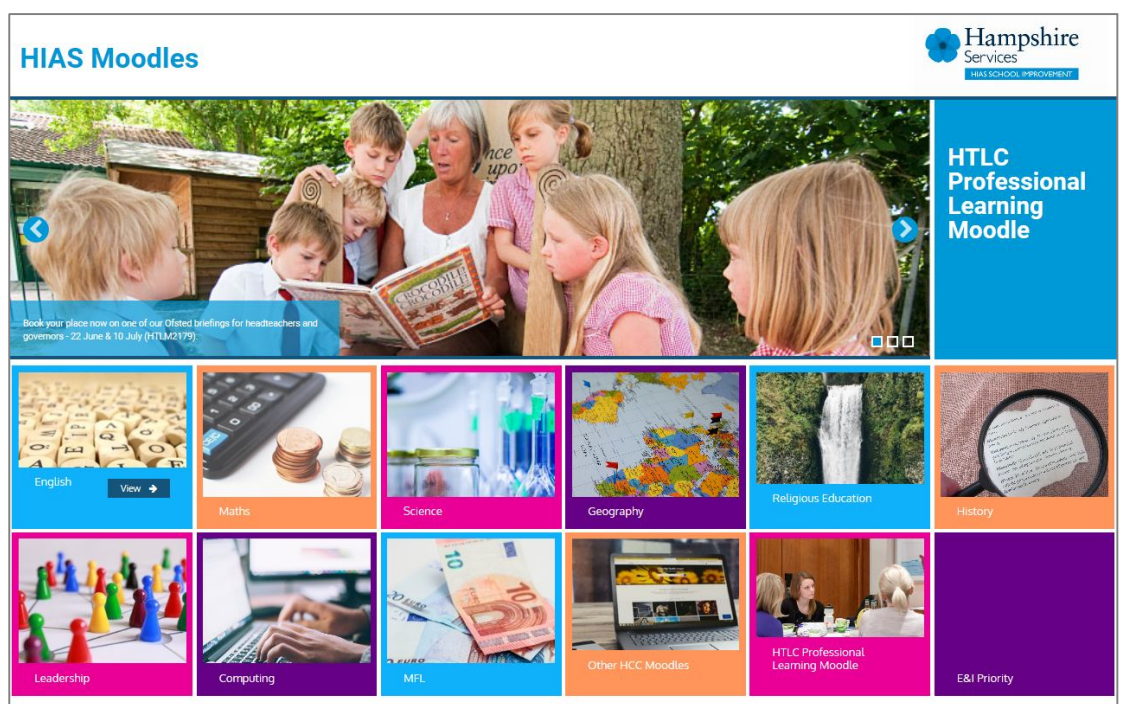

## HIAS services – now available from a website near you!

The HIAS Moodle websites have been brought together under one umbrella site to make them a one stop shop for all HIAS services for schools.

The sites are also being revamped to make them easier to navigate and much more user friendly.

Some of the subject and professional Moodles, such as the HTLC, RE and History sites have already been

updated to the new look but all are up and running. So if you want to book onto a history course or loan something from the History or RE Curriculum Centres, this is the site for you: <https://hias-moodle.mylearningapp.com/>

The screenshot shows the HIAS Moodle website interface. At the top, it says "HIAS Moodles" and "Hampshire Services HIAS SCHOOL IMPROVEMENT". Below this is a large banner image of a teacher and students reading a book together. To the right of the banner is a blue box labeled "HTLC Professional Learning Moodle". Below the banner is a grid of 12 moodles, each with a representative image and a label: English, Maths, Science, Geography, Religious Education, History, Leadership, Computing, MFL, Other HCC Moodles, HTLC Professional Learning Moodle, and E&I Priority.

## History courses for 2017-18

Sarah will also be overseeing and presenting our secondary history courses, some of which are already available to book (more coming):

## History Moodle website

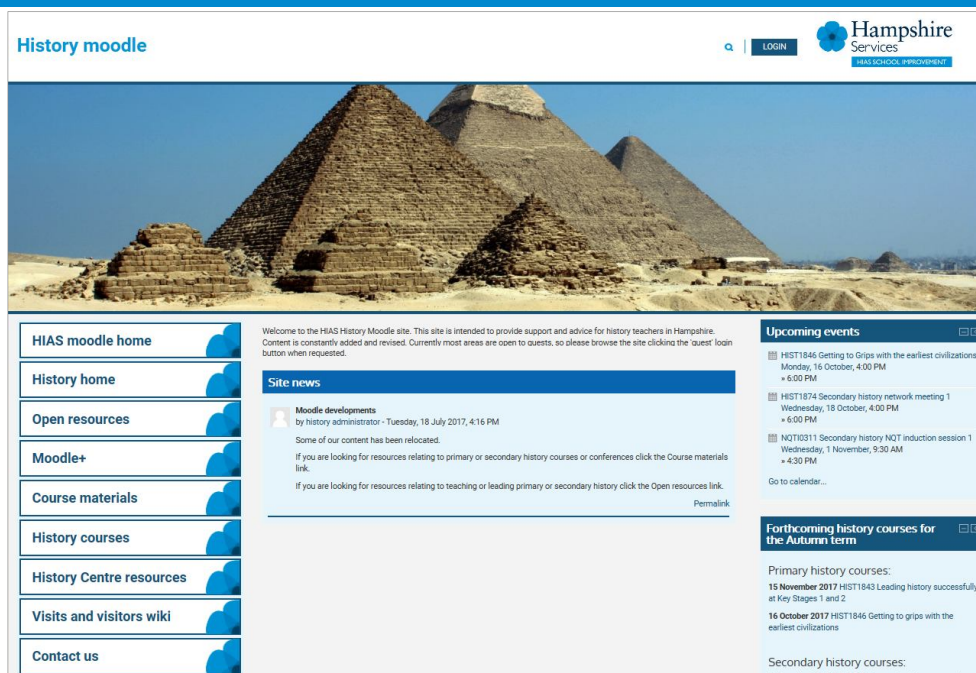

The **History Moodle website** - [history.hias.hants.gov.uk/](http://history.hias.hants.gov.uk/) has already had a major facelift with clearer buttons to link to the history resources you need.

The course materials section is where to find resources linked to past courses you may have attended.

This year we envisage populating the Open resources section with more downloadable secondary history resources.

Moodle+ will eventually house downloadable teaching resources developed within Hampshire.

Developments will be on-going so check out the site regularly.
